Randy advised the Notice of Inclusion has been advertised, there have been no objections. Tonight the Board will sign the Resolution after which the attorney will file the Resolution of Inclusion and process thru the court system. Finally, a judge will file an Order of Inclusion. Randy advised he is currently working on another inclusion.

#### 3a. Approval of Absences.

#### 3b. Changes to Agenda.

#### **3b.** Approval of Board Meeting Minutes

**MOTION:** There was a motion by Jennifer Volkman with a second by Leslie Caimi to approve the minutes, of the June 14, 2017 meeting. The motion passed unanimously.

#### 4. Treasurer's Report

**4a.** Karl Firor reviewed the May Balance Sheet and advised, through the audit we will write back the \$2000 in outstanding checks that have not cleared from the old account. Karl reviewed June Year to Date. June shows \$1,348,000 as compared with \$1,123,000 last year. You will see real payables of \$38,597, of which \$23,800 was for repairs on 631.

Karl reviewed the Profit and Loss Report and the Budget versus Actual Report showing \$800k in the bank of the \$651k anticipated, the balance includes grant funds and \$78k in tax revenue. Over the past 6 months EMS revenue continues to go down. In the 12/31/16 Audit, receivables have been written down to \$15k, a more accurate representation of what is due. Drop in EMS revenue is an ongoing trend. Other accounts are in line. EMS shows \$7000 budgeted vs \$3200 spent, the District is not spending in this area. Communications spending to date is half of what was budgeted. \$807k in the bank, \$327k spent with \$480k to the good. There is \$187k more than anticipated in the bank. Kerry asked if that is related to tax revenue. Karl replied probably half, the other portion being the \$58k received in grant money. Kerry inquired about the generators and washers and dryers on the credit card statement, were those anticipated in the budget. Chief Shirlaw responded we knew the washers and dryers would need replaced. The generators were not planned. Kelley responded the District is receiving \$2400 from CSDPL safety grant to pay for the generators. The grant has been applied for and is in process.

Karl reviewed the Open Purchase Orders along with \$38k for accounts payable, these are the Districts open commitments at this time.

Karl reviewed the bank reconciliations and the credit card statement.

**MOTION:** There was a motion by Karl Firor with a second by Jennifer Volkman to approve the May and June 2017 Financial Reports. The motion passed unanimously.

#### 4b. Bank Account

Karl advised fraudulent items are still coming through the checking account. Leslie concurred, some are large amounts. Both Leslie and Jennifer both indicated having received phone calls from the bank on Friday with regard to fraudulent transactions. Karl stated the account needs to be closed. Karl is inclined to think it will be best to go to a different bank, we don't know if the cause is from our side as in a vendor or the bank. If fraudulent activity happens with a new

bank, we will know it relates to a vendor. There was \$325 in bank charges last month and \$250 this month, fraudulent transactions are not winding down. Kerry inquired as to how much technical research has the bank offered. Karl advised the bank has reimbursed the District for all costs. The bank is charging the District for the fraud protection service, however the fraud is not winding down. Karl confirmed the bank has not assisted in investigation.

Karl indicated there is a First Bank and a US Bank near his office. Leslie advised there is a First Bank in Conifer. Jennifer noted there is also a Bank of the West in Conifer. First Bank was chosen.

**MOTION:** Karl Firor motioned with a second by Jennifer Volkman to approve opening a new checking account with First Bank. The motion passed unanimously.

Karl advised he will start the process. Kerry noted for confirmation only the operating checking account is moving to First Bank. Karl confirmed yes, having funds in 2 places is good with FDIC. This will not be easy with Jeffco, payroll etc. Kerry asked if Chief has heard of other districts having issues. Chief advised no, but will ask around. Karl indicated he has not before seen this kind of repeated activity in a business account.

#### 4c. Review Audit For Approval

Karl reviewed the 2016 Audit Report. In essence the audit report is clean. Last year auditors recommended the Colorado Trust Account. For 2016, there are no negative comments. The only ongoing negative is the \$600k debt shown on account as pension liability. Pension liability is the only liability other than current accounts payable. Adjustment Journal Entries need to be posted and Karl will need to clear a couple of points that do not appear to be correct, i.e. funds for ambulance were donated in 2015 not 2016 and in note one, refers to \$100k in insurance money, also in 2015. Karl will get with Vince to clean these two items up. Kerry asked about the cover letter on page 3, supplemental information, only referring to itemization of 3 things, are those red flags? Karl responded no, this is only the second year reporting on pension as a result of changes in GAPP reporting. In prior years the pension liability was not required to be in notes. Auditors are using a year old actuarial report. This is why we hire experts to do this. This is what is required for reporting to DOLA. Karl reiterated the debt was \$800k 2 years ago. Not a significant issue, standard requirements, no red flags.

**MOTION:** There was a motion by Leslie Caimi with a second by Karl Firor to accept and approve the 2016 Financial Audit as presented. Donation and insurance from 2015 will be removed prior to sign off. Auditors will file the Audit with DOLA. The motion passed unanimously.

5. Secretary's Report

#### 5a. Mailing Dates/Alternatives

Jennifer Volkman advised the next mailing date for the brochure would be September. Leslie Caimi attended this month's VEEs meeting, VEEs requested the board coordinate dates with VEEs as their mailing goes out in October. VEEs would prefer the two do not go out in the same time period. Jennifer suggested the board moving to release in January and June. All agreed. Leslie advised VEEs are also requesting financial assistance with their mailing again this year. Directors agreed to pay half.

### 6. Insurance Report

**6a.** Ralph Dreher advised he continues to work on renewal for Worker's Compensation as well as reevaluation of trucks and rolling equipment over the next month. Ralph is expecting a safety audit in the next few months.

6b. Public Comment. None.

#### 7. Chief's Report

**7a.** Please see attached. Chief Skip Shirlaw noted call volume is going up. Doing a lot of wildland training right now. Firefighter of the Month is Training Chief Donna Simpson for all her hard work on Academy. Leslie complimented, graduation was very well done, impressive. Skip noted it was the District's first graduation.

Chief Shirlaw advised we are seeing more people reporting on calls and are able to stand down IHFR sooner.

Recently, there was an Interesting call on north bound 285 involving a drunk driver. The sheriff followed the vehicle, vehicle started going north bound in the south bound lane. The sheriff was forced to do a maneuver and stop the driver. The driver self-extricated, ran and was caught kicking and screaming. The driver may be charged with attempted murder. Leslie advised they requested help on nextdoor.com and on the news, looking for witnesses involved who may have had to swerve to get out of the drivers way. Very scary.

Recruits will be working on truck checkouts, hazmat testing, AEMT. Recruits will complete 2 scenarios of SOGS in order to be ready to respond. Recruits will be driving extensively in district.

Leslie, Kelley, Randy and Skip recently attended an informative training on ISO in Copper Mountain. ICFPD last ISO Audit was in 2006. Ratings are determined by a Point system, 10 is highest and worst rating versus a 1. We are currently at 4/8 based on distance to stations and water sources. Chief Shirlaw believes the District has a good chance of lowering 1 point and possibly 2.

The District can gain points for having a dedicated phone line at the station, trainings and trainings at officer meetings, new cisterns and auto aid. Firewise communities within the District also help. Chief Shirlaw advised he will want to get some things, such as preplans, in order prior to a request for audit. 4 ways to request an audit include a request by a community member. ISO may contact ICFPD or the District can request an audit. ISO is working to get up to date with criteria and meet a 4 year window. Chief Shirlaw noted the District is well overdue for an audit, a positive outcome is expected. Chief Shirlaw explained 10 points would lower the rating by 1, 20 points would lower the rating by 2. Savings to homeowners could be a 5% reduction. Kerry suggested including the information in the newsletter, it could be very helpful. Ralph asked where the homes with a 4 rating are located. Chief responded you have to be within 5 miles of station (working fire hydrants are required to be a 4). Ralph asked if ISO is considering a change to the rule of distance to water of 1000 feet. Chief responded although considered, the rule was not changed.

Flea Market is this weekend. Working on getting more help.

Jeffcom is on pace for April 2018. Karl Firor and Chief Shirlaw met with other districts involved and drafted a service user agreement. The draft was created from the Jeffcom version presented and provides more benefits for service users.

Members are excited about a new hose testing plan. We have 11,000 feet of hose, all tested by members in the past. A company from New Mexico will come up and do testing for about \$3,000. The company will also test ladders. We used to think it was beneficial for training, however, it is not a benefit.

Because we will not have to spend time hose testing, we are able to start a FFII class. FFII certification helps with grants and in other areas. Chief Hatlestad developed and EMT to paramedic preparation program over several Saturdays to prepare for advanced EMT and paramedic class. Great for refreshers and advanced skill set. Class will be taught by professionals outside of the district.

Ralph inquired as to how many responders the District is able to provide for a full crew. Chief Shirlaw responded 20 for a fire, 6 or 7 on an EMS call is ideal, we are not able to provide this type of coverage.

Jennifer asked about response on a recent busy Saturday. Chief responded we were required to call for mutual aid after the 1<sup>st</sup> call. Chief confirmed 70 members is a good number, but there are more costs associated with an increase in members. Karl asked if we are seeing more

daytime response. Chief Shirlaw replied no. Chief Shirlaw would like to find little areas where the District can find funds in order to hire a part time person and is searching the budget for ways to place people, at least a part time EMS person. We have a lot of strategic planning to do. Ralph suggested working with HOA's. Chief Shirlaw confirmed we do. Chief Shirlaw stated he continues to work with the community.
